

***Building our community one child at a time!***

### **WHO WE ARE**

The Lakeland Education Foundation is a private, non-profit organization dedicated to raising funds to enhance the education of students in Lakeland School District 272.

Proceeds support educational excellence and student scholarships throughout the district, which includes all of the elementary and Jr./Sr. high schools.

Scholarships are awarded to selected students through an interview process in support of their post secondary education.

Charitable donations also provide funding for a competitive grant program. The goal of the grant program is to foster innovation and educational excellence, and strengthen classroom learning throughout the school district.

***All donations remain in the community and benefit local students directly.***
